Sl. No. 8. letter No. B3/GFL/508/69-70 dated 13.x.69 from the C.C.F. B'lore.

NOTE-II

(i) The recommendation of D.C. Shimoga at Page 8-6 for lease of lease of pond in S. No. 5 of Telur village, Agumbe Hobli, Thirthahally Tq in/s Indian Plywood Manufacturing Co. Talguppa, for storing timber after extraction, may kindly be perused. (1) p21 of

(ii) The C.C.F when consulted has also agreed to the proposal.

(iii) In this regard paras 1 to 23 of the No. AFD 85 FCL 67 and the order of Minister for Forests at para 26 of the file may kindly be perused. Accordingly the request of the Co. was rejected. (2) p30 of 85 FCL 67

(iv) As there is lot of agitation from the villagers and as there is no other source of water for their cattle, the request cannot be entertained. Further it may be seen from the report of the D.H.O. Shimoga at page 28 of AFD 85 FCL 67), has reported that the well is situated very near the pond (and adjoining the pond) the water of which will also become

blackish in course of time. And he has advised to provide suitable drinking water facilities to men and cattle in the premises.

(v) Therefore the request of the Co. may be rejected. A draft letter is also put up for approval ①

(vi) Both the DC Shimoga & the CCF have recommended lease of this area. Hence a draft GO may be put up early.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE.

Sub: Forest Department - Chikmagalur District - Tirthahalli Taluk - Lease of 3 acres of land and water pond to M/s. Indian Plywood Manufacturing Company Talaguppa in S.No.5 of Talur Village, Agumbe Hobli - Sanctioned.

ORDER NO. AFD 252 FCL 69,
DATED: BANGALORE: THE 17th SEPTEMBER 1970.

With reference to letter No.33/CFL/300/69-70 dated 17-10-1969, of the Chief Conservator of Forests (General) in Mysore, Bangalore on the subject mentioned above, the Governor is pleased to accord sanction for the lease of 3 acres of land and water tank in S.No.5, of Talur Village, Agumbe Hobli, Tirthahalli Taluk, Chikmagalur District to M/s. Indian Plywood Manufacturing Company Ltd., Talaguppa, for storing timber subject to the following conditions:-

1) The period of the lease shall be 10 years;

2) The Company shall pay a rent of Rs.1/- per acre per year which is subject to revision whenever circumstances so warrant.

3) The Company should not ask for extension of the area.

4) The Company shall clean the pond and keep it in good order, and demarcate its margins properly.

5) The Company shall clean and repair the well which is situated at some distance from the pond and is now used as a source of drinking water.

6) The Company shall install a suitable device for pumping out the water through an out-let to provide convenient drinking facilities. Instead of providing a rope and vessel to draw water from the well and construct a larger trench to which the water could be drawn from the well to enable the cattles to drink and keep it filled up with water daily at their own cost during the currency of the above lease period for the use of passers by and village cattle which used to come to the present pond.

ISSUED Dated 17.9.70

7) If, in the opinion of the Deputy Commissioner and Dist. Health Officer, Chikmagalur the water of the well is found unsuitable for drinking purposes due to storage of leaves in the pond, the company shall stop such storage or provide alternate and adequate drinking water facility by digging another well at a suitable spot near by at once.

8) The land should be used for the purpose for which it is granted and should be utilised within one year.

9) If the land is required earlier by the Department for any purpose, the same should be surrendered without claiming any compensation.

10) The lease is liable for cancellation if any of the above conditions are violated.

11) The company should undertake to vacate portion or entire pond site whenever they are demanded to do so by the Forest Department.

The Chief Conservator of Forests is directed to take further action in the matter immediately.

This order issues with the concurrence of Finance Department vide their U.O.No.FD 61 Int.FL.70 dated 23-1-1970.

Ref: Your memo No.S-9-55/58 dt.22-4-1970.

-oo-

I furnish the replies on the points raised by Government for favour of kind perusal.

1) The Deputy Commissioner, Shimoga had himself recommended to Government on 21-5-69 for the lease A copy of Deputy Commissioner's letter dt.21-5-69 is enclosed herewith for reference. The Forest Department can collect the lease amount year after year.

2) The lease amount will be credited to U.Remittances, I Remittance, within India, Forest remittance, Shimoga Division.

3) The position after the expiry of lease period is that the pond will be taken over by the Forest Department, unless the lease is extended by Government. The company has not given any under taking to the effect that they will not ask for any extension. On the expiry of the-lease period, the land will be taken over by Forest Department for which purpose suitable conditions have to be stipulated in the lease agreement.

4. It is not necessary to release the land to Revenue Department. The Forest department can lease out the pond to the company by stipulating suitable conditions.

With reference to letter No.B3/GFL/508/69-70 dated 17.10.1969, (1) of the C.C.F. in Mysore, Bangalore on the subject mentioned above, the Governor is pleased to accord sanction for the lease of 2 acres of land and water tank in S.No.5, of Telur Village, Agumbe Hobli, Thirthahalli Taluk, Shimoga District to M/S.Indian Plywood Manufacturing Company Ltd., Talguppa, for ~~xx~~ storing timber subject to the following conditions:-

1) The period of the lease shall be 10 years;
2) The Company shall pay a rent of Rs. ~~20/-~~ 150/- per acre per year which is subject to revision whenever circumstances so Warrant.
3) The Company should not ask for extension of the area.
4) The Company shall clean the pond and keep it in good order, and demarcate its margins properly.
5) The Company shall clean and repair the well which is situated at some distance from the pond and is now used as a source of drinking water.
6) The Company shall instal a suitable device for pumping out the water through an out-let to provide convenient drinking facilities, Instead of providing a rope and vessel to draw water from the well and construct a larger trough to which the water could be drawn from the well to enable the cattles to drink and keep it filled up with water daily at their own cost during the currency of the above lease period for the use of passers by and village cattle which used to come to the present pond.
7) If, in the opinion of the D.C. & D.H.O, Shimoga the water of the well is found unsuitable for drinking purpose due to storage of logs in the pond, the Company shall stop such storage or provide alternate and adequate drinking water facility by digging another well at a suitable spot near by at once.

~~The C.C.F. is directed to take further action in the matter immediately.~~

Sub: Our request for lease of 2 acres of land and water pond in S.No.5 of Telur Village Agumbe Hobli, Thirthahalli Taluk to M/s The Indian Plywood Mfg.Co.Ltd.,Talguppa for storage of logs.

We have to invite your kind reference to our letter No.F/43/D/5/69 dated 14-7-1969 on the above subject.

The new timber extraction season is fast approaching and we have to store our logs in the tank, so that they are preserved well. Since the Deputy Commissioner,Shimoga has recommended leasing this pond to us and since the Village Panchayat have absolutely no objection to our using the pond, we request you to kindly issue order leasing out this tank to us under normal terms of lease.

As already stated above, immediate orders leasing out this tank would help us in storing and preserving timber logs, extraction of which will be commenced soon and hence the request to issue immediate orders.

Thanking you,

Yours faithfully,

Dear Sir,

Sub: Supply of Gulle timber to the Indian Plywood Mfg. Co. Ltd.

We have to request your kind reference to our letter No.F/23/10/69 dated 8th July 1969 on the above subject.

We have not yet received the order allotting Gulle to us on a long term basis though this timber was given to us on short term basis. You had also very kindly recommended to the Government allotment of this timber on long term basis and on the above basis we have planned processing of this timber at our factories particularly at our Talguppa factory. Since we have not yet received the order, it is upsetting our planning. We, therefore, request you to kindly expedite allotment of this timber.

Now that the new extraction season is fast approaching we shall need this timber urgently at least by the second week of October. If the permission to remove timber is not received by us immediately, it will greatly affect our production schedule.

We, therefore, request you that pending allotment of this timber by the Government, we be permitted to remove this timber from the evergreen forests of Shimoga Circle from where we are permitted to extract other timbers.

Afterall this is not being put to any other use. The trees of Gulle species in the area from where we do extraction of Plywood species if left out at the time of extraction will only go to death till the next cycle. Extracting this species along with our other working would enable utilisation of this, yielding some extra revenue to the Forest Department and filling up some our demand for raw material.

Thanking you,

Yours faithfully,
For THE INDIAN PLYWOOD MFG. CO. LTD.,

Dear Sir,

Sub: Supply of Plywood timber to M/s The Indian-Plywood Mfg.Co.Ltd. - pending matters.

We have to refer you to our letter No.F/7/F/1/2/69 dated 8-7-1969 on the above subject.

Two important matters of ours are still pending finalisation by the Government. They are --

1) Allocation of unallotted areas of Chikmagalur, Koppa & Shimoga Divisions.
In the meeting held in the Chambers of the Hon'ble Minister for Forests on 6-9-1967 and 6-11-1967 it has been decided to allot us the timber available for our expansion programme, from the unallotted forest areas in Chikmagalur, Shimoga and Koppa Divisions. Your kind orders in this respect may be expedited. These areas contain certain quantities of inferior & 2nd grade species and we will be able to utilise the same in our expanded Talguppa Factory. At present these species are not being utilised for any purpose. The quantity is small but it will augment our supplies to Talguppa.

2) Allocation of timber Gulle: Gulle is an inferior species found in evergreen and semi-evergreen forests for which we had developed method to process the same into plywood. You had allotted this to us on 3 years basis vide Government Order No.AFD 72 FDP 63 dated 2-11-1963. Allocation of this species on long term basis has been recommended by the Chief Conservator of Forests. It is requested that early orders be passed so that in the new season we can process this timber in our Talguppa Factory.

Issuance of orders allocating to us timber from unallotted areas of Chikmagalur, Koppa and Shimoga Divisions, as also allocation of timber Gulle on long term basis is of vital importance to our Industry and the State as the areas mentioned above contain mostly inferior 2nd grade timbers which are not put to any use. Gulle is

cont...

LPM

also an inferior type of timber for which we have been successful, in developing a use and which we have planned to process in fairly large proportions. All these years this timber used to be left out in forest to mature and die.

The new timber extraction season is fast approaching and early orders in this regard would help us in taking timber in larger quantities, contributing substantially to the State exchequer by way of increased royalties.

Thanking you and assuring you of our best efforts in developing plywood industry in the State and particularly the use of inferior grade timbers.

Yours faithfully,
For THE INDIAN PLYWOOD MFG. CO. LTD.,

---

Sub: Our request for lease of 2 acres of land and water pond in S.No.5 of Telur Village, Agumbe Hobli, Thirthahalli Taluk to M/s, The Indian Plywood Mfg.Co.Ltd., Talguppa, for storage of logs.

Your kind attention is invited to Government Order No.AFD 85 FGL 67 dated 1-7-1968 in which we had been refused the above pond on the ground that there was local agitation. Since then we have made further representation to the Deputy Commissioner, Shimoga, that there is no local agitation to this tank being leased out to us. The Village Panchayat has agreed to this tank being leased to us as there is no other use for the same.

We understand that the Deputy Commissioner, after enquiry, has recommended our case to you.

The water pond falls within forest area. It is to be used as an aid to our timber extraction for transitory storage of logs. If logs are not stored under water, these deteriorate. The species which we extract from this are perishable ones. Giving this pond to us would, in addition to helping our industry, be an advantage to the Department as it would help timber extraction of perishable species from the forests in the area and better utilisation of the same.

In view of this, it is requested that Government order, referred to above, is revised and we are leased out this pond under the noraml terms of lease.

Thanking you.

R. & I. SECTION
A. & F. D.
No.
Date 26 MAY 1969
Section

Subject:- Leasing of water pond in S.No. 5 of Telur village, Agumbe Hobli, Thirthahalli Taluk to M/s India Plywood Manufacturing Co., Talaguppa.

-:::-

I inspected the pond in S.No. 5 of Telur village, Agumbe Hobli, Thirthahalli Taluk, on 24th April. 1969, in the company of the local officers, in connection with the above request.

It was represented to me by the Agumbe Village Panchayat that the water pond lies within the Panchayat jurisdiction, but as this is not found in the revenue records, I presume that it vests in the Forest Department. Hence this letter is being addressed to the Government in the Forest Department. The Indian Plywood Company, Talaguppa, have requested that the pond may be leased to them for storing timber after extraction, which has to be preserved under water before use. Earlier Government in their order No.AFD 85 FGE 67 dated 1-7-68, had turned down their request on the ground that there was agitation from the public not to lease the pond. But now since the Village Panchayat Chairman and Members have themselves come forward sponsering this idea, though under the impression that the pond belongs to the Panchayat, I offer my remarks on the proposal after inspection as follows:-

The pond is situated a little distance away from Agumbe village on the Agumbe- Someswara Road. It is at the beginning of the Ghat Section, and prior to the introduction of the vehicular traffic, the cattle which used to pull up the carts would rest there and drink water. It has obviously not being used for this purpose since several years. There is a well situated near the tank, a few yards away from the road, which has now been cleaned and used for providing drinking water. This well requires further cleaning. A small trough has been provided to enable cattle to drink.

4. The company shall discontinue storing the logs in the tank or making use of it, if in the opinion of the Deputy Commissioner, such storage is projudicial to public convenience. (This is one more precautionary clause.)

The lease amount recommended in the previous instance was Rs. 80/- per year, which may be accepted.

As the V.P. is not only willing but also eager to lease out the tank, the question of any public disapproval existing at the moment does not arise.

A copy of the D.O. letter dated 2-5-69 of the District Forest Officer, Shimoga, and a copy of letter No.TL/F/13A/15 dated 5-3-69 from the Indian Plywood Manufacturing Co., Ltd., Talaguppa, together with its enclosure are enclosed herewith for perusal.

Yours faithfully,

Approved by the
Deputy Commissioner.

For Deputy Commissioner,
Shimoga District.

The Divisional Forest Officer, Shimoga, with whom I discussed the desirability of leasing the pond to the Company ~~aforesaid opined~~ has opined that it would be of advantage to the department if this pond is leased out, as it would promote extraction timber which is otherwise left behind, and hence better utilisation of the forest and greater revenue to Government.

I am of the view that the pond could be leased out for a period of ten years to the company, subject to the following conditions, the reasons for which are explained:-

(1) The company shall clean the pond and keep it in good order, and demarcate its margins properly.

(2) The company shall clean and repair the well which is situated some distance from the pond and is now used as a source of drinking water. It shall instal a suitable devise for pumping out the water through an out-let, to provide convenient drinking facilities. It shall also to build a larger trough to which water from the pond could be drawn, to enable the cattle to drink. These facilities do not exist at present, and people have to draw out water through a pully as and when required.

(3) If in the opinion of the Deputy Commissioner, it is held that the storing of logs in the pond is, in any manner, affecting the quality of the water in the well, it shall be the duty of the Company to either stop such storage forthwith or to provide alternate and adequate drinking water facility by digging another well at a suitable spot nearby. The company shall, if called upon to do so, provide such alternate drinking water source, even if its use of the pond is discontinued if such use in the past has been responsible for any contamination of water in the well(this condition is imposed as the District Health Officer has earlier opined that there is possibilities of the water in the well become blakish in increase of time as it is situated in the proximity of the pond).

During my inspection I found that the well was situated at a higher level, and quite some distance intervened between the well and the pond. My enquiries reveal that the chances of well water being rendered brackish on this account are very remote, since the ground slops away from the well to the pond. However as ~~the~~ a measure of ample caution this condition is suggested.

SD.NN.1.(A)

418

Copy of DO letter No.R(1)Gl./66-67 dated 2.5.69 from the District Forest Officer, Shimoga to the Deputy Commissioner, Shimoga.

--

Sub: Lease 2 acres of land at Agumbe for ponding of softwoods to M/S Indian Plywood Mfg.Co.Ltd., Dandeli.

--

You had discussed with me the subject of leasing out the tank in S.No.5 of Telur village, Agumbe on 1.5.69 in your chambers. A brief history of the case is noted below.

The Indian Plywood Co., Dandeli applied for the lease of 2 acres of land including the use of the tank for purposes of storing refractory timbers after their exploitation from the Agumbe Forests. The working season in the Agumbe area is very limited and transportation of the exploited timber was not possible to be spread over as the refractory timbers would split and crack on storage. The use of the tank would however permit such storage, which would render transport to be spread over the whole year. In turn, this would permit extraction of timber otherwise liable to be left behind. In consideration of this aspect, the lease of the land and tank was recommended to Government on an annual assessment of Rs.80/- per acre.

The Agumbe village Panchayat took up the issue at this stage and represented to Government that:

1. The use of the pond for storing timber (liable to be chemically treated) would prohibit its use by man and cattle.

2. The tank was the source of water of the stream flowing down to Sithanady and the way farers would be affected.

As regards (1), the condition of the lease was that the well on the higher side of the tank - on the road side, was to be cleaned and maintained by I.P.M. they were to provide drinking water to all the persons as also provide a water trough for cattle.

Incidentally, neither the well nor the tank had ever been cleaned before.

The second point is incorrect. The source of the stream is different.

The District Health Officer, Shimoga was consulted regarding the use of the tank by Indian Plywood Mfg.Co. He expressed that the tank water would become unfit for human and cattle consumption by timber storage, while the well water which is now being used may in course of time also become brackish as it is situated very close to the tank.

This fact was reported to the Government.

Government have ordered that the pond cannot be leased out "as there is lot of agitation from the public not to give the land and tank to store logs of the Company as there is no other source of water for their cattle".

The Company has been informed accordingly.

With regards.

Sr. No. 1(B)

49

Copy of the letter No.TL/F/13A/15 dated 5th March 1969 from the Manager, The Indian Plywood Manufacturing Co., Ltd., to the Deputy Commissioner, Shimoga District, Shimoga.

--

Subject:- lease of water pond to the Indian Plywood Manufacturing Company Ltd., Dandeli at Agumbe for storing soft-wood timber.

--

You are aware that we are running a plywood factory in your District. This is the only plywood industry in this region and we employ over 350 people and process over 4000 tons of timber annually. For running of this factory, Government of Mysore have granted us forest lease, vide G.O.Nos AFD 49 TMS 57 of 23-7-1963 and AFD 80 FDP 66 dated 24-9-1966, which cover, interalia the forests of Sagar and Shimoga Divisions.

One of the sources of our timber is the Agumbe Forest. The species we process are perishable species and the same are to be preserved under water after extraction and before use. For this purpose the Forest Department permitted to store the timber extracted by use in the Agumbe region in the water pond in S.No. 5 of Telur village of Agumbe Hobli for a period of 10 years in the first instance.

It was subsequently ordered that the lease of the pond could not be considered as the village people objected to it as they had no other source of water for the cattle. In this connection, we enclose a copy of the Government letter No.AFD 85-GFE/67 dated 1-7-1968 for your perusal. We now understand that this pond does not actually lie in the forest area but within the Agumbe Panchayat limits under the Revenue Department.

In this respect we have to submit that the tank is away from the village and the water was being neither used for irrigation or for drinking by passers by or cattle or for any other purposes. River Malapahari flows right through the village from which the village people draw their water supply. Forests around Agumbe abound in streams and rivulets and the village cattle have plenty of other drinking water sources.

In spite of the above, we have cleaned the adjoining well on the roadside and have made provision for the drinking water for the wayfares by providing a water tank with a tap. We have also provided a water trough for the cattle and a permanent man is posted here to see that both the water tank and trough are kept duly filled up with water always.

We have also approached the village people through their representatives, the Village Panchayat and they have now indicated to us that they have no objection to our using the tank.

Under the above circumstances we would request your kindly permitting us to continue the use of the pond on a long term basis.

Thanking you and assuring you of our fullest co-operation at all times.

Establishment of a Veneering Unit by the Indian Plywood Manufacturing Co.(P)Ltd.,Dandeli.

Proceedings of the Government of Mysore.

Order No.AFD 49 TMS 57 Bangalore dated 23, July 1963
Asadha S.E.1885.

Read: 1)Letter No.EP/19/4/61 dated 14th June 1961 from the Indian Plywood manufacturing Co., Ltd.,Dandeli.
2)Letter No.A2(b)184-845/58 dated 31st Octr.1961 from the Chief Conservator of Forests, Bangalore.

Preamble -

For sometime past, the Indian Plywood Manufacturing Co.(P)Ltd., Dandeli have been negotiating with the Government for the grant of forest concessions for their proposed veneering unit to be set up either at Talaguppa or Kasarkode. The case was pending for want of a decision in respect of plywood species conceeded to the Indian Plywood Mfg.Co., in as much as the same rates as sanctioned for the said Company are to be applied to the timber species extracted for the proposed veneering unit. In a meeting held in the chambers of the Minister for Forests and Fisheries on 4.1.1963 it was decided that the rates for plywood species conceded to the Indian Plywood Co., should be enhanced by 25% from 1.1.1963 for a period of 3 years. Government after considering all the aspects of the case have agreed to permit the Indian Plywood Mfg.Co., to establish a veneering unit either at Talaguppa (Shimoga) or Kasarkode (N.Kanara).

ORDER.

Government are pleased to direct that the Indian Plywood Mfg.Co., Ltd., Dandeli should be granted forest land either in the vicinity of Talaguppa(Shimoga) or Kasarkode (North Kanara) for the establishment of a veneering unit to the extent of 10 acres at each place for a period of 30 years at the rate of Rs.80/- per acre annum. The veneering unit to be established by the Company will be a semi-mobile unit and can be located at any place within the areas allotted for extraction.

For the manufacture of veneers at their proposed veneering factory, the Indian Plywood Company should be allowed to extract the timber specie which have been allowed for extraction for their plywood factory at Dandeli, through Govt.order No.AFD 87 FDP 62 Dt.30.3.1963/ 11.4.1963 with the addition of one more timber species viz. Dipterocarpus indicus. The timber species and the rates sanctioned for the veneering unit are set out in the annexure to this order. The timber species and the rates denoted in the annexure will be for a period of three years from the date of signing the agreement and will be liable for revision even earlier if circumstances so warrant subject to the condition that the Company agree to take minimum quantity of 3000 Tons of timber annually. The Company should be allowed to extract timber from the Forest Ranges of Sirsi, Siddapur, Honnavar, Batkal, Sagar and Hosanagar subject to other prior commitments.

The Chief Conservator of Forests is requested to take further action in this regard and obtain necessary deposits and agreement from the Indian Plywood Mfg.Co.(P) Ltd., Dandeli.

By order and in the name of the Governor of Mysore.

Sd. T.S.Ramaiya
Under Secretary to Government, Agriculture and Forest Department.

PROCEEDINGS OF THE GOVERNMENT OF MYSORE.

Sub:- Raw materials - Supply to M/s The Indian Plywood Manufacturing Co., Ltd., Dandeli - Allotment of additional areas - Rates for the specific conceded orders.

ORDER NO. AFD 80 FDP 66

Bangalore Dated the 24th September 1966.

Read:-

Government Order No.AFD 80 FDP 66 Dated 19-8-66.

ORDER.

In continuation of the Government order cited, Government are pleased to allot the following additional areas to M/s The Indian Plywood Manufacturing Co., Ltd., Dandeli, on lease basis for a period of 20 years:-

1) Present Coondapur Division and Uppinagady Range of Mangalore Division.

2) Materials of species conceded to the Company from the Tending areas of Shimoga and Koppa.

3) Wherever the species "Vateria Indica" has been conceded to this Company on the add-hoc basis as a special quota at present, the same is conceded on a long-range basis as in other areas, but excluding the areas which are conceded to other companies.

2. The species conceded in the new areas and the rates to be charged to them are shown in the Annexure. These rates shall be applicable up to 3-9-69 and will be revised thereafter. Government, however reserve the right to revise these rates earlier if necessary to the advantage of Government, if circumstances so warrant.

3. The ~~copy~~ Company shall exploit the species excluding those conceded Khaledia saw Mills, M/s WIMCO and the Railways, the species Dipterocarpus being reserved for Railways to the extent required by them.

By order and in the name of te
Governor of Mysore

Sd/- M.W.Winston
Under Secretary to Government,
Agriculture and Forest Department.
